Dark Brown - RAL 8019.

Bronze - HOR 7140.

Silver Pearl - RAL 9007.

Storm Pearl - HOR 7043.

Jet Black - RAL 9005.

Aluminium slats

Crowned aluminium slats are made from a highly elastic alloy, making them flexible, scratch-proof and shock-proof. Metal slat gauge size of 0.45 mm (0.017 in).

The double omega punching, (standard on external and double skin facade installations) combined with the ladder braids ensure smooth closing of the slats. They also retain slat alignment and stability in most weather conditions and minimise excessive movement. No additional plastic components are necessary to stabilise the slats.

Pre-treatment

- ▶ AA 5050 marine grade with chromate conversion undercoat.

Standard finish

- ▶ PE3 - Polyester 3 layer coil coating.
- ▶ Double oven baked edge coating.

Optional finish

- ▶ “DecoWood” type finish.
- ▶ Other custom finishes available on request.

Colours

- ▶ 7 standard colours.
- ▶ Custom colours available on request.*

*Minimum quantity order may apply. Colour sample reproduction is a guide only. Please consult your representative.

80 mm (3 in) slat.

100 mm (4 in) slat.

150 mm (6 in) slat.
